

California School of Podiatric Medicine  
**4<sup>th</sup> YEAR ANESTHESIA  
GOALS AND OBJECTIVES**

SAMUEL MERRITT COLLEGE

MARCH 2006

**Goal**

To gain familiarity with the principles and techniques of anesthesia.

To learn to establish and maintain an airway.

**Objectives**

Evaluate, classify (ASA) and present a minimum of 20 pre-operative patients.

Perform at least one intubation.

Start a minimum of 10 IV's.

Perform or assist a minimum of 5 spinal or regional anesthetic blocks.

Review and discuss the common anesthetics and other medications used during general anesthesia.

Monitor the immediate post-operative condition of at least 5 patients.

Demonstrate proper operating room protocol.

Participate in the induction and monitoring of all patients during the rotation.
