Course Content

Curriculum is approved by the International Parish Nurse Resource Center (IPNRC). At the end of the course, participants will be awarded a certificate of completion by the IPNRC.

- Course focuses on the promotion and maintenance of health in faith communities. The units of analysis are congregations with culturally diverse families and the broader communities where they reside. The history of health ministry/faith community nursing, the present trends and the future of the field will be explored. The content is organized around the nursing process and the roles of the faith community nurse, community health concepts, organizational principles, and spiritual care.
