

BLUE VIEW VISION PLAN AMENDMENT

issued by

**ANTHEM BLUE CROSS LIFE AND HEALTH
INSURANCE COMPANY**

to

SAMUEL MERRITT UNIVERSITY

Anthem Blue Cross Life and Health Insurance Company ("Anthem Blue Cross Life and Health") agrees to modify your Blue View Vision Plan certificate with this amendment. All other provisions of the certificate which are not inconsistent with this amendment remain in effect. The officers of Anthem Blue Cross Life and Health Insurance Company have approved this amendment to become effective August 1, 2009.

The name of the *group*, wherever it appears in your certificate and any amendments issued thereunder, is changed from **SAMUEL MERRITT COLLEGE** to **SAMUEL MERRITT UNIVERSITY**.

The following changes are made to the section **HOW COVERAGE BEGINS AND ENDS**:

Paragraphs (b) and (c) of the definition of "child" under the **Definition of Family Member** are deleted and replaced by the following:

- b. The unmarried child is under 19 years of age, or if age 19 or over, that child is eligible until his or her 25th birthday, provided he or she is enrolled as a full-time student (for 12 or more units or credits) in a properly accredited secondary or post-secondary educational or vocational institution (a college, university, or trade or technical school). Any break in the school calendar will not disqualify a child from coverage under this provision. An unmarried child 19 years of age, but, less than 25 years of age who enters or returns to an eligible status will become eligible for

coverage on the first day of the month following the date an enrollment application is filed on their behalf.

- c. The unmarried child is 19 years of age, or more and: (i) was covered under the *prior plan*, or has six or more months of *creditable coverage*, (ii) is chiefly dependent on the *employee, spouse or domestic partner* for support and maintenance, and (iii) is incapable of self-sustaining employment due to a physical or mental condition. A *physician* must certify in writing that the child is incapable of self-sustaining employment due to a physical or mental condition. We must receive the certification, at no expense to us, within 60-days of the date the *employee* receives our request. We may request proof of continuing dependency and that a physical or mental condition still exists, but not more often than once each year after the initial certification. This exception will last until the child is no longer chiefly dependent on the *employee, spouse or domestic partner* for support and maintenance due to a continuing physical or mental condition. A child is considered chiefly dependent for support and maintenance if he or she qualifies as a dependent for federal income tax purposes.

The **Handicapped Children** exception to the provision **HOW COVERAGE ENDS** is deleted and replaced by the following:

- a. **Handicapped Children.** If a *child* reaches the age limits shown in the "Eligible Status" provision of this section, the *child* will continue to qualify as a *family member* if he or she is (i) covered under this *plan*, (ii) still chiefly dependent on the *insured employee, spouse or domestic partner* for support and maintenance, and (iii) incapable of self-sustaining employment due to a physical or mental condition. A *physician* must certify in writing that the *child* has a physical or mental condition that makes the *child* incapable of obtaining self-sustaining employment. We will notify the *insured employee* that the *child's* coverage will end when the *child* reaches the *plan's* upper age limit at least 90-days prior to the date the *child* reaches that age. The *insured employee* must send proof of the *child's* physical or mental condition within 60-days of the date the *insured employee* receives our request. If we do not complete our determination of the *child's* continuing eligibility by the date the *child* reaches the *plan's* upper age limit, the *child* will remain covered pending our determination. When a period of two years has passed, we may request proof of continuing dependency due to a continuing physical or mental condition, but not more

often than once each year. This exception will last until the *child* is no longer chiefly dependent on the *insured employee, spouse* or *domestic partner* for support and maintenance or a physical or mental condition no longer exists. A *child* is considered chiefly dependent for support and maintenance if he or she qualifies as a dependent for federal income tax purposes.

The following is added as an additional exception to the provision

HOW COVERAGE ENDS:

- b. **Full time students taking a medical leave of absence from school:** If a *child* who is 19 years of age or more, enrolled as a full-time student (for 12 or more units or credits) in a properly accredited secondary or post-secondary educational or vocational institution (a college, university, or trade or technical school), and covered under this *plan* in accordance with the "Eligible Status" provision of this section, the *child* may remain covered under this *plan* for a period not to exceed 12 months or until the date the *child's* coverage would normally end in accordance with the terms and conditions of this *plan*, whichever comes first, during a medical leave of absence from school. This provision applies if the nature of the *child's* health condition does not meet the requirements of the "Handicapped Children" provision, above. The period of coverage during this medical leave of absence will begin on the first day of the leave or on the date a *physician* determines the child's illness, injury, or condition prevented the *child* from attending school, whichever comes first. Any break in the school calendar will not disqualify the *child* from maintaining coverage under this provision. A *physician* must certify in writing that the leave of absence from school is medically necessary. This certification must be submitted to us at least 30 days prior to the date the leave begins if the medical reason for the leave and the leave itself are foreseeable. If the medical reason for the leave and the leave itself are not foreseeable, the certification must be submitted to us within 30 days after the date the leave begins.
