NCLEX-RN RESOURCES

SAMUEL MERRITT COLLEGE

NOVEMBER 2008

The College, as part of its commitment to ensure high student performance on the licensure exam, has developed a **multimedia** collection designed specifically for NCLEX-RN preparation. The books, CDs, and DVDs, are conveniently gathered in one area for your perusal in the library. The computer programs are in the Bechtel Hall Computer Lab (for residents only), the Peralta Computer Lab, and the Library's Computer Lab.

It is recommended that the student answer 4000 **practice test questions** before taking the NCLEX. To meet this need, a collection of **review books and CDs**, by various publishers, present numerous questions, answers and rationales for correct responses.

"I've gotten more comfortable with computers by taking the practice tests."

More exciting are **simulated NCLEX practice tests** on computer software that allow students to obtain a score correlated with a predicted result on the NCLEX itself. These are available in the Computer Lab in Bechtel Hall, 24 hours each day, and in the Peralta Computer Lab and Library Computer Lab. In addition, other **computer software programs** on special nursing topics are available, many of which include practice questions and answers.

BOOKS & CD-ROMS

Child health nursing: reviews & rationales, Hogan, Mary Ann (et al.) (eds.) (2007)
WY 18.2 R4556 2007; WY 18.2 R4556 2007 CD-ROM

Complete review for NCLEX-RN, Gauwitz, Donna (2007)
WY 18.2 G277d 2007; WY 18.2 G277d 2007 CD-ROM

Comprehensive review for NCLEX-RN: reviews and rationales, Hogan, Mary Ann (2008)
WY 18.2 H714pa 2008; WY 18.2 H714pa 2008 CD-ROM
