

**Samuel Merritt University Campus Safety and Security and Fire Safety Report
For the 2012 Calendar Year**

Policy on Emergency Notification, Response, Evacuation, and Timely Warnings

In the event a situation arises that constitutes an ongoing or continuing threat, a University- or Campus- wide “timely warning” will be issued via the SMU ALERT system.

The University will:

without delay, take into account the safety of the community, determine the content of the notification and initiate the notification system, unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency. (Department of Education, July 2010)

As part of Samuel Merritt University’s (SMU) plan to effectively respond to an emergency event on any of the campuses, an SMU ALERT communication system has been established. The SMU ALERT system delivers critical information to the SMU community members on any communication device you chose (phone, email, SMS text, pager, or fax) and it is the most effective way to share updates and information with you in the event of an emergency. In certain emergencies where the SMU ALERT system would not be as effective or access to internet or telecommunications are severely limited, the University may use University email, University phones, the University webpage, fire alerting systems, and/or teams of runners.

All students, faculty and staff are automatically enrolled in the SMU ALERT system that has been initially populated with your phone number and/or SMU email address. You may store additional numbers for voice messages, text messages, email addresses for alerts, or change your phone number or email address.

You are strongly encouraged to go to http://www.samuelmerritt.edu/smu_alert, click the button to “Update My Contact Information,” log in with your SMU name and password, and enter your additional methods for contact or change them.

It is the responsibility of all students, faculty and staff to update personal information on a regular basis. There is also an opt-out button if you do not wish receive any emergency communications from the University, although this is not the recommended choice.

Please know that your personal information and contact information is securely stored. The system is designed for use only when an incident disrupts normal campus operations or threatens the immediate health and safety of the campus community.

Anyone with information warranting a timely warning should report the circumstances to the Assistant Vice President of Enrollment and Student Services at 510-869-6627, in person at Peralta MOB or celliott@samuelmerritt.edu or to the Director of Facilities, Lillian Harvin, at 510-869-6525 or lharvin@samuelmerritt.edu.

The Crisis Response Plan may be activated during a community or regional crisis that may impact University personnel or business operations. For example, a utility outage in nearby areas, a serious toxic spill on a major highway, or a brushfire in a local area may necessitate a Plan activation to coordinate safety precautions or emergency information and support services for personnel.

Samuel Merritt University maintains that a major emergency in the community that affects or potentially threatens our students, faculty, and/or staff is a University emergency.

The University's Crisis Response Manual includes information about the structure of the crisis response and who will be involved in assessing and responding to a crisis. In addition, departments are expected to develop contingency plans and evacuation procedures, and individuals are expected to have their own safety kits and procedures in place as well as to know the plan. The University conducts one training activity per year, participates in the crisis planning procedures of the medical center (our parent organization), and tests the emergency notification system on an annual basis. SMU will publish a summary of its test.

All members of the SMU community are notified on an annual basis that they are required to notify the University (through the individuals identified below) of any situation or incident on campus that involved a significant emergency or dangerous situation that may involve immediate or ongoing threats to the health and safety of students and/or employees on campus. The University administration will determine if the situation does in fact pose a threat to the community. If it is the case, Federal Law requires the institution to immediately notify the campus community or appropriate segments of the community that may be affected by the situation.

The Director of Information Technology Services (ITS) has been designated as responsible for issuing these emergency notifications. The AVP Enrollment and Student Services or the

Director of Facilities may also initiate emergency notifications if the Director of ITS is unable. The AVP for Enrollment and Student Services and/or the Director of Facilities will confirm there is an emergency or dangerous situation that poses an immediate threat to the health and safety of some or all of the members of the SMU community and will collaborate with the President (or designee in her absence) and the Director of ITS to determine the content of the message. They will use some or all of the systems described above to communicate the threat to the University community or to the appropriate segment of the community, if the threat is limited to a particular building or segment of the population.

Policy on the Preparation of Disclosure of Crime Statistics

The Assistant Vice President of Enrollment and Student Services prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of the report and the annual statistics can be found on the University website at <http://www.samuelmerritt.edu/campus-safety-security>. The report is prepared in coordination with contracted security teams at each campus (if applicable), key faculty and staff, and the Office of Student Services.

Campus crime, arrest and referral statistics include those reported to the Assistant Vice President of Enrollment and Student Services, designated campus officials, security teams, and outside law enforcement agencies. These statistics may also include crimes that have occurred in nearby private residences and businesses and is not required by law.

Each year, on or before October 1, an email notification is made to all enrolled students and current faculty and staff regarding the updated report and how to access the information. A direct link to the report is included in the email and on the website. Notification to prospective students and prospective employees is made on the respective Admission and Employment webpages. Requests for the report in alternative formats may be made to the Assistant Vice President of Enrollment and Student Services by email (celliot@samuelmerritt.edu) or by phone at 510-869-6627.

Policy on the Reporting of Criminal Offenses and Encouraging Prompt and Accurate Crime Reporting

Community members, students, faculty, staff and guests are encouraged to report all crimes and public safety related incidents to 1) the security team noted below and to 2) the Assistant Vice President of Enrollment and Student Services and 3) the Director of Facilities in a **timely**

manner. Information on student behavioral violations are reported to the Assistant Vice President of Enrollment and Student Services per University policy for follow up. The University does not have a campus police department and thus we encourage you to contact both the University (via the individuals below) and the appropriate security team.

For crimes in progress or emergencies, contact the security team at your campus or call 911.

Campus	Security Number
Oakland	510-763-4001 or x5555
Sacramento Regional Center	916-486-5800
San Francisco Peninsula Learning Center	None on Site; call 911

In addition, you should report a crime to the following:

Assistant Vice President of Enrollment and Student Services	510 869-6627; 3100 Telegraph Ave, Suite 1000
Director of Facilities	510 869-8785; 3102 Summit Street, G657

Confidential Reporting

If you are the victim of a crime and do not wish to pursue action with the University’s judicial process or the criminal justice system, we strongly encourage you making a confidential report. With your permission, the people noted above can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential while taking steps to insure the institution’s compliance with this federal law and insure the future safety of yourself and others. With such information, the University can keep accurate records of the number of incidents involving students and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the University.

Policy Addressing Counselors and Confidential Crime Reporting

Please note that persons employed by the University or contracted by the University to serve as professional counselors, when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. They are encouraged, if and when they deem appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

Policy on Campus Access

The University shares facilities with various medical centers, and some overlap of access by the public and medical center staff will happen. In these areas, the public can use the space as a part of visiting the medical center, and the respective security team will take responsibility for security and access.

In other areas, access to the University facilities is limited to current faculty, staff and students, approved contractors, medical center facilities staff, and medical center security staff, and is maintained through swipe card access via campus identification badges. Faculty, staff and students must wear their University ID (and campus identification badges if separate) while on campus and have it visible, above the waist, at all times.

During business hours, faculty, staff and students have access to University facilities via their swipe card. During holidays, after business hours and weekends, access is limited or not permitted. The Director of Facilities will provide updates prior to holidays on what access is available. The University is closed the week between Christmas and New Year's Eve and special permission is required to be on campus during that time.

Please note that emergencies or extenuating circumstances may necessitate changes to any posted schedules.

Policy on Campus Law Enforcement

Samuel Merritt University does not have its own police force, public safety, or security team and it utilizes services with the security team or building management at each of its campuses. The security team has the authority to ask persons for identification and determine whether individuals have lawful business with Samuel Merritt University. This security team also has the

ability to collect reports of incidents. They do not have arrest power. Criminal incidents are referred to the local police who have jurisdiction at the campus. All crime victims and witnesses are strongly encouraged to immediately report the crime to the medical center security team at that campus as well as one of the University officials listed above. Prompt reporting will assure timely warning notices and disclosure of statistics.

Security Officers are licensed Private Security through the state of California, with the authority to detain, protect, and preserve life, property, and assets in accordance with their training and equipped status. The business park in which we lease the space for the San Francisco Peninsula Campus does not have a security service.

The security teams on each campus have a long-standing relationship with local, county, state, and federal law enforcement agencies in the ongoing application of security practices. There are no formal MOU's or SLA's with agencies, but it is the practice of each security department to cooperate with all police activity, and to work with law enforcement on all levels.

Police are involved in addressing all criminal activity that occurs on Alta Bates Summit Medical Center and Learning Centers. This is stated in multiple policy documents, and a police report number is required on all criminal event incident reports.

Policy Addressing Disclosures to Alleged Victims of Crimes of Violence or Non-forcible Sex Offences

Samuel Merritt University will disclose to the alleged victim of a crime of violence, sexual misconduct/harassment or a non-forcible sex offense, the results of any disciplinary hearing conducted by the University against the member of the University community who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, Samuel Merritt University will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

Policy Regarding Criminal Activity Off Campus

The University does not have any off-campus student organizations nor does it monitor off-campus activities of students, faculty and staff.

Policy on Security Awareness and Crime Prevention Programs

The University makes available the programs and resources offered by the security teams on safety and security, including safety information and campus escort services. At student orientation, the security team is invited to share services offered at that campus. The University does not provide other services (i.e.: Crime Prevention Programs or Safety Awareness Training) directly. The University will provide a program on safety as part of the Title IX requirements. In addition, on a case-by-case basis, the University will address an issue programmatically if needed.

Policy Addressing Alcoholic Beverages and Drugs

The possession, sale, or the furnishing of alcohol on the University campus is governed by California state law. Samuel Merritt University has been designated as “drug and alcohol free” and only under certain circumstances is the consumption of alcohol permitted. The possession, sale, manufacture or distribution of any controlled substance is illegal both under state and federal laws. Violators are subject to University disciplinary action, criminal prosecution, fine and imprisonment. It is unlawful to sell, furnish or provide alcohol to a person under the age of 21. The possession of alcohol by anyone under the age of 21 in a public place or place open to public is illegal. It is also a violation of Samuel Merritt University policy for anyone to consume or possess alcohol in any public or private area of campus without prior University approval.

Policy Addressing Substance Abuse Education

The University offers substance abuse programs including informational materials, counseling services (through Student Health and Counseling for students and Sutter Employee Assistance Program (EAP) for employees), referrals to diversion programs or long-term treatment, and University disciplinary actions.

Policy on Sex Offenses and Offenders

The University will annually provide educational programming to promote the awareness of rape, acquaintance rape and other forcible and non-forcible sex offences, domestic violence, dating violence, and sexual assault. Such educational programs may be done at the request of students, by security in an ad hoc program, or because of a campus concern. In addition, the

University strongly encourages all new students and new employees to complete its online primary prevention and awareness program.

If you are a victim of sexual violence, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. The University strongly advocates that a victim of sexual assault/violence report the incident in a timely manner to the Assistant Vice President of Enrollment and Student Services or other person listed above.

The report to a University official does not obligate the victim to prosecute nor will it subject the victim to scrutiny or judgmental opinions from employees and officers; but it ensures the victim can receive services offered by the University. The Assistant Vice President of Enrollment and Student Services and others will assist the student in notifying these authorities if requested.

A report to police will ensure the victim receives the necessary medical treatment and tests, at no expense to the victim; provide the opportunity for the collection of evidence which will be helpful in prosecution which cannot be obtained later; and assure the victim has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention.

The University offers counseling services through the Student Health and Counseling center (SHAC) and through a contracted arrangement with Sutter EAP. Counseling and support services outside the University system are available through the San Francisco Women Against Rape Crisis Center.

University disciplinary proceedings, as well as special guidelines for handling cases of sexual misconduct, are detailed in the Catalog and Student Handbook. The handbook states, in part, that the accused and the victim will each be allowed to choose one person who has had no formal legal training to accompany them throughout the hearing. Both the victim and the accused will be informed of the outcome of the hearing. A student, faculty, or staff found guilty of violating the University's sexual misconduct policy could be criminally prosecuted and/or may be suspended or expelled from the University for the first offense. Students can request academic adjustments after an alleged sexual assault if such changes are reasonably available.

Sexual Offender Registration

In accordance with the Campus Sex Crimes Prevention Act of 2000, The Jeanne Clery Act and FERPA, Samuel Merritt University is providing a link to the California State Sex Offender Registry. The University is required to inform the campus community that a list of all

registered sex offenders is available from the State of California Office of Attorney General at <http://www.meganslaw.ca.gov/>.

The following two reporting requirements are required of institutions that have on-campus student housing facilities. The HEA requirement to collect and report this information went into effect Aug 14, 2008, and the 2010 data-reporting year is the first year to which this requirement applied.

Although Samuel Merritt University's residence hall closed May 30, 2009, because these statements are required for the 2010 reporting year, of which this report covers, they are included.

Missing Persons Protocol

The University may occasionally be contacted regarding a student who has not been in touch with individuals with whom they would otherwise regularly interact. These concerns may be brought by friends, family members, roommates, or other members of the Samuel Merritt University community.

For concerned parties external to the institution, a missed phone call or failure to reply to an email can prompt a contact with the University. Internal constituents are more likely to express concern when a resident has failed to appear for a scheduled meeting or has failed to return to the residence halls after an extended period of time.

The professional staff member interacting with the concerned party should gain as much information as possible about the nature of the concern:

- What is the relationship of the concerned party to the student?
- How long the student has been out of contact with them?
- Should we have reason to believe the student might be in some type of distress or is there a threat of imminent harm?
- Will the concerned party be contacting security or police?

The concerned party should be informed that University administrators will make a concerted effort to contact the missing student and will instruct that student to contact the concerned party.

If a student has been missing for more than 24 hours or there is a threat of imminent harm or the possibility of foul play and the missing student cannot be immediately reached, then security (ABSMC or relevant campus security) should be contacted immediately. They will initiate the process of investigation and contacting the missing person's designated emergency contact. The professional staff member initially contacted about the missing resident should notify the Vice President or Assistant Vice President of Enrollment and Student Services if he/she is not already participating.

If less than 24 hours have elapsed, then there are several steps that should be taken in an attempt to make contact with the missing student. They are:

1. Do a visual check if student lives on campus. Two ESS staff members (or a staff member and a security officer) should go to the student's assigned room and knock on the door to perform a wellness check. These staff members may key into the missing student's assigned space if there is no answer and perform a visual scan for signs of the student.
2. Utilize communication devices. Attempt to contact the student via cell phone, room phone, email, and, if possible, through instant messages or social networking sites.
3. Contact known associates. The missing student's roommates or suitemates and Resident Assistant should be contacted and asked if they are aware of the missing student's whereabouts. These students should be instructed to contact a professional staff member with any developments and, if they make contact with the missing student, to instruct him or her to contact the professional staff member as well as the concerned party.
4. Utilize University resources. If necessary, other University resources may be engaged to track a student's activity. SMURF activity, key logs, area desk sign-out sheets, email activity and even security cameras should all be considered sources of information.

Once contact is made, the "missing" student should be instructed to get in touch with the concerned party. If contact has not been made within 24 hours, then Samuel Merritt University will contact ABSMC security.

If the missing student indicates that the concerned party may be seeking to harm him or her, then security and the Vice President or Assistant Vice President of Enrollment and Student Services will be contacted.

Fire Safety

<i>Facility</i>	<i>Fire Safety System</i>	<i>#of Fire Drills</i>	<i>Total # Fires</i>
370 Hawthorne Ave	Smoke Detectors	4	0
	Fire Extinguishers		

Policy Statement Addressing Policies on Portable Electrical Appliances and Open Flames in Student Housing

To promote safety and prevent the overloading of electrical circuits, all occupants shall limit all electrical equipment in rooms to such items as study lamps, clocks, personal computers, electric blankets, small refrigerators no larger than 2.7 cubic feet, coffee/tea makers, stereos, and radios, and shall maintain such items in good repair and condition. For safety purposes only those lamps approved by the University may be used in the residence hall. No cooking appliances may be used in the rooms.

Bechtel Hall is a non-smoking facility. Smoking is not permitted in residence hall rooms, in common areas, or on balconies. Open flames (i.e. candles) are not allowed.

Samuel Merritt University reserves the right to enter any room at any reasonable time for the purpose of maintenance or repair, any time in case of emergency and during academic breaks, and to conduct safety inspections each semester. Students grant written permission for such access whenever they submit routine repair requests. Students will receive written notification in advance of any safety inspections.

In the event of fire, the University expects that all campus community members will evacuate to the nearest exit, closing doors and activating the fire alarm system (if not activated) as they leave.

Fire Safety education is provided to residents at their first hall meeting of the year, and also done during one fire drill during the year.

Students who need to report a fire should dial "0" using an on-campus phone (provided in each room), and tell the operator that a Fire/Code Red is in progress and report the location. Students should then activate the fire alarm and evacuate.

2012 Crime Report for Samuel Merritt University Oakland Campus

This chart includes offenses that were reported to Samuel Merritt University, Alta Bates Summit Medical Center Security Services and other University officials who have significant responsibilities for student and campus activities. These offenses are compiled using the Uniform Crime Reporting procedures in accordance with the provisions of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Revision of selection criteria for Public Property occurred 10/2004 after consultation with DOE.

Residence Hall closed 5/30/09

*These statistics were acquired from the Oakland Police Department (The department did not respond to the University's request for statistics for 2012). For more information about crime statistics on the University campus, please contact the Asst Vice Pres. of Enrollment and Student Services at (510) 869-6627. *Note: Residence Hall Closed May 31, 2009.

Definition of On-Campus	Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to the institution's educational purposes. These buildings include residential halls, any building or property that is owned by the institution but controlled by another person, those frequently used by students and those that support institutional purposes such as a food or retail vendor.
Definition of Non-Campus	Includes any building (or property) owned or controlled by student organizations recognized by the school; and any building or property owned or controlled by the school, that is not within the same reasonable contiguous area.
Definition of Public Property	Public property is defined as the area that is within the same reasonably contiguous geographic area of the school; or is adjacent to a facility owned or controlled by the school, and the facility is used by the school in a manner related to the institution's educational purpose.

Amended 2016: The University leased a non-campus apartment for SMU students in Paso Robles, CA in 2015. At that time, it was discovered that the University was also leasing another non-campus apartment for SMU students in Clovis, CA. No crimes have been reported at either apartment. SMU will amend the Annual Crime and Safety reports for the years 2012, 2013, and 2014 to reflect this correction.

*These statistics were acquired from the San Mateo Police Department (the department did not respond to the request in 2012). The statistics reported in this section reflect the neighborhood as defined by San Mateo Police. The statistics may reflect activity that happened beyond property that is adjacent to the University property. The statistics also include both commercial and residential activity. For more information about crime statistics on the University campus, please contact the Asst VP of Enrollment and Student Services at (510) 869-6627.						
Definition of On-Campus	Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to the institution's educational purposes. These buildings include residential halls, any building or property that is owned by the institution but controlled by another person, those frequently used by students and those that support institutional purposes such as a food or retail vendor.					
Definition of Non-Campus	Includes any building (or property) owned or controlled by student organizations recognized by the school; and any building or property owned or controlled by the school, that is not within the same reasonable contiguous area.					
Definition of Public Property	Public property is defined as the area that is within the same reasonably contiguous geographic area of the school; or is adjacent to a facility owned or controlled by the school, and the facility is used by the school in a manner related to the institution's educational purpose.
