

**Samuel Merritt University Campus Safety and Security Report  
For the 2013 Calendar Year  
Published September 30, 2014**

**Policy on Emergency Notification, Response, Evacuation, and Timely Warnings**

In the event a situation arises that constitutes an ongoing or continuing threat, a University- or Campus- wide “timely warning” will be issued via the SMU ALERT system.

The University will:

without delay, take into account the safety of the community, determine the content of the notification and initiate the notification system, unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency. (Department of Education, July 2010)

As part of Samuel Merritt University’s (SMU) plan to effectively respond to an emergency event on any of the campuses, an SMU ALERT communication system has been established. The SMU ALERT system delivers critical information to the SMU community members on any communication device chosen (phone, email, SMS text, pager, or fax) and it is the most effective way to share updates and information in the event of an emergency. In certain emergencies where the SMU ALERT system would not be as effective or access to internet or telecommunications are severely limited, the University may use University email, University phones, the University webpage, fire alerting systems, and/or teams of runners.

All students, faculty and staff are automatically enrolled in the SMU ALERT system that has been initially populated with phone numbers and/or SMU email address. You may store additional numbers for voice messages, text messages, email addresses for alerts, or change your phone number or email address.

Go to [http://www.samuelmerritt.edu/smu\\_alert](http://www.samuelmerritt.edu/smu_alert), click the button to “Update My Contact Information,” log in, and enter additional methods for contact or change them.

It is the responsibility of all students, faculty and staff to update personal information on a regular basis. There is also an opt-out button if you do not wish to receive any emergency communications from the University, although this is not the recommended choice.

Personal information and contact information is securely stored. The system is designed for use only when an incident disrupts normal campus operations or threatens the immediate health and safety of the campus community.

Anyone with information warranting a timely warning should report the circumstances to the Assistant Vice President of Enrollment and Student Services (AVPESS), Craig Elliott, at 510-869-6627, in person at Peralta MOB or [celliott@samuelmerritt.edu](mailto:celliott@samuelmerritt.edu) or to the Director of Construction and Campus Development (DCCD), Lillian Harvin, at 510-869-6525 or [lharvin@samuelmerritt.edu](mailto:lharvin@samuelmerritt.edu).

The Crisis Response Plan may be activated during a community or regional crisis that may impact University personnel or business operations. For example, a utility outage in nearby areas, a serious toxic spill on a major highway, or a brushfire in a local area may necessitate a plan activation to coordinate safety precautions or emergency information and support services for personnel.

Samuel Merritt University maintains a major emergency in the community that affects or potentially threatens students, faculty, and/or staff is a University emergency.

The University's Crisis Response Manual includes information about the structure of the crisis response and who will be involved in assessing and responding to a crisis. In addition, departments are expected to develop contingency plans and evacuation procedures, and individuals are expected to have their own safety kits and procedures in place as well as to know the plan. The University conducts training activity each year, participates in the crisis planning procedures of the medical center (the parent organization), and tests the emergency notification system on an annual basis. SMU will publish a summary of its test.

All members of the SMU community are notified on an annual basis that they are required to notify the University (through the individuals identified below) of any situation or incident on campus that involved a significant emergency or dangerous situation that may involve immediate or ongoing threats to the health and safety of students and/or employees on campus. The University administration will determine if the situation does in fact pose a threat to the community. If it is the case, Federal law requires the institution to immediately notify the campus community or appropriate segments of the community that may be affected by the situation.

The Director of Information Technology Services (ITS) has been designated as responsible for issuing these emergency notifications. The AVPESS or the DCCD may also initiate emergency notifications if the Director of ITS is unable. The AVPESS and/or the DCCD will confirm there is an emergency or dangerous situation that poses an immediate threat to the health and safety of some or all of the members of the SMU community and will collaborate with the President (or designee) and the Director of ITS to determine the content of the message. They will use some or all of the systems described above to communicate the threat to the University community or to the appropriate segment of the community, if the threat is limited to a particular building or segment of the population.

### **Policy on the Preparation of Disclosure of Crime Statistics**

The Assistant Vice President of Enrollment and Student Services prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of the report and the annual statistics can be found on the University website at <http://www.samuelmerritt.edu/campus-safety-security>. The report is prepared in coordination with contracted security teams at each campus (if applicable), key faculty and staff, and the Office of Student Services.

Campus crime, arrest and referral statistics include those reported to the Assistant Vice President of Enrollment and Student Services, designated campus officials, security teams, and outside law enforcement agencies. These statistics may also include crimes that have occurred in nearby private residences and businesses and is not required by law.

Each year, on or before October 1, an email notification is made to all enrolled students and current faculty and staff regarding the updated report and how to access the information. A direct link to the report is included in the email and on the website. Notification to prospective students and prospective employees is made on the respective Admission and Employment webpages. Requests for the report in alternative formats may be made to the Assistant Vice President of Enrollment and Student Services by email ([cellriott@samuelmerritt.edu](mailto:cellriott@samuelmerritt.edu)) or by phone at 510-869-6627.

### **Policy on the Reporting of Criminal Offenses and Encouraging Prompt and Accurate Crime Reporting**

Community members, students, faculty, staff and guests are encouraged to report all crimes and public safety related incidents in a timely manner to 1) the security team noted below and to 2) the AVPESS and 3) the DCCD. Information on student behavioral violations are reported to the Assistant Vice President of Enrollment and Student Services per University policy for follow up. The University does not have a campus police department and thus we encourage you to contact both the University (via the individuals below) and the appropriate security team.

For crimes in progress or emergencies, contact the security team at your campus or call 911.

Campus	Security Number
Oakland	510-763-4001 or x5555
Sacramento Regional Center	916-486-5800
San Francisco Peninsula Learning Center	None on Site; call 911

In addition, you should report a crime to the following:

Assistant Vice President of Enrollment and Student Services	510 869-6627; 3100 Telegraph Ave, Suite 1000
Director of Construction and Campus Development	510 869-8785; 3195 Telegraph Avenue, Office 2850

### **Confidential Reporting**

If you are the victim of a crime and do not wish to pursue action with the University's judicial process or the criminal justice system, we strongly encourage you making a confidential report. With your permission, the people noted above can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential while taking steps to insure the institution's compliance with this Federal law and insure the future safety of yourself and others. With such information, the University can maintain accurate records of the number of incidents involving students and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the University.

### **Policy Addressing Mental Health Counselors and Confidential Crime Reporting**

Please note that persons employed by the University or contracted by the University to serve as professional counselors, when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. They are encouraged, if and when they deem appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

### **Policy on Campus Access**

The University shares facilities with various medical centers, and some overlap of access by the public and medical center staff will happen. In these areas, the public can use the space as a part of visiting the medical center, and the respective security team will take responsibility for security and access.

In other areas, access to the University facilities is limited to current faculty, staff and students, approved contractors, medical center facilities staff, and medical center security staff, and is maintained through swipe card access via campus identification badges. Faculty, staff and students must wear their University ID (and campus identification badges if separate) while on campus and have it visible, above the waist, at all times.

During business hours, faculty, staff and students have access to University facilities via their swipe card. During holidays, after business hours and weekends, access is limited or not permitted. Facilities staff will provide updates prior to holidays on what access is available. The University is closed the week between Christmas and New Year's Eve and special permission is required to be on campus during that time.

Please note that emergencies or extenuating circumstances may necessitate changes to any posted schedules.

### **Policy on Campus Law Enforcement**

Samuel Merritt University does not have its own police force, public safety, or security team and it utilizes services with the security team or building management at each of its campuses.

The security team has the authority to ask persons for identification and determine whether individuals have lawful business with Samuel Merritt University. This security team also has the ability to collect reports of incidents. They do not have arrest power. Criminal incidents are referred to the local police who have jurisdiction at the campus. All crime victims and witnesses are strongly encouraged to immediately report the crime to the security team at that campus as well as one of the University officials listed above. Prompt reporting will assure timely warning notices and disclosure of statistics.

Security Officers are licensed Private Security through the state of California, with the authority to detain, protect, and preserve life, property, and assets in accordance with their training and equipped status. The business park for the San Francisco Peninsula Campus does not have a security service.

The security teams on each campus have a long-standing relationship with local, county, state, and Federal law enforcement agencies in the ongoing application of security practices. There are no formal MOU's or SLA's with agencies, but it is the practice of each security department to cooperate with all police activity, and to work with law enforcement on all levels.

Police are involved in addressing all criminal activity that occurs on Alta Bates Summit Medical Center and Learning Centers. This is stated in multiple policy documents, and a police report number is required on all criminal event incident reports.

### **Policy Addressing Disclosures to Alleged Victims of Crimes of Violence or Non-forcible Sex Offenses**

Samuel Merritt University will disclose to the alleged victim of a crime of violence, sexual misconduct/harassment or a non-forcible sex offense, the results of any disciplinary hearing conducted by the University against the member of the University community who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, Samuel Merritt University will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

### **Sexual Violence Policy**

Samuel Merritt University holds that sexual violence has no place in the academic environment and the University will not tolerate it. Additionally, under state and Federal laws, sexual violence (inclusive of, but not limited to: sexual harassment, sexual misconduct, dating violence, domestic violence, stalking and sexual assault of employees or students) is illegal. Samuel Merritt University seeks to eliminate sexual violence through education and by encouraging faculty, staff, and students to report concerns or complaints. The University takes the matter of sexual violence very seriously; indeed, the University and individual employees and/or students may be legally liable for acts of sexual violence. Therefore, any acts of sexual violence should be reported immediately to the Executive Director of Human Resources (Title IX Coordinator). After a thorough investigation, anyone found to have violated this policy will be subject to disciplinary action —up to and including dismissal/discharge from the University.

The University uses an “affirmative consent” standard, whereas:

- Consent is informed and an affirmative, unambiguous, and conscious decision by each participant to engage in mutually agreed-upon sexual activity.
- Consent is voluntary. It must be given without coercion, force, threats, or intimidation. Consent is an expression of free will.
- Consent is revocable. Consent in some form of sexual activity does not imply consent to other forms of sexual activity. Consent to sexual activity on one occasion is not consent to engage in sexual activity on another occasion. A current or previous dating or sexual relationship, by itself, is not sufficient to constitute consent. Even in the context of a relationship, there must be mutual consent to engage in sexual activity. Consent must be ongoing throughout a sexual encounter and can be revoked at any time. Once consent is withdrawn, the sexual activity must stop immediately.
- Consent cannot be given when a person is incapacitated. A person cannot consent if she/he/ze is under the influence of drugs, alcohol, or medication, unconscious or coming in and out of consciousness. A person cannot consent if she/he/ze is under the threat of violence, bodily injury or other forms of coercion. A person cannot consent if his/her/hir understanding of the act is affected by a physical or mental impairment.

#### **Definition of Sexual Misconduct**

Sexual misconduct includes a range of behaviors used to obtain sexual contact against a person's will. Sexual misconduct is defined as sexual contact without consent by someone you know or a stranger and includes: intentional touching without consent, either of the victim or when the victim is forced to touch, directly or through clothing, another person's genitals, breast, groin, thighs or buttocks; rape (sexual intercourse without consent whether by someone you know or stranger); attempted rape; sodomy (oral or anal intercourse) without consent; or sexual penetration with an object without consent.

#### **Definition of Sexual Harassment**

1. The prohibition applies to all staff employees and students, and in particular to supervisors (including direct supervisory and other management staff). A sexual advance violates this policy regardless of whether the advance is expressly related to the affected employee's/student's employment/academic status. It is improper to make sexual advances, ask for, demand or seek by subtle pressure sexual favors or activity from an employee/student, or to subject another employee/student to verbal or physical conduct of a sexual nature where:

The submission to such behavior is a condition of any employment/academic opportunity, benefit, job retention, grade; or

The submission to or rejection of such conduct is used as a basis for employment/academic decisions; or

Such conduct has the purpose or the effect of unreasonably interfering with the individual's work/academic performance; or

Such conduct creates an intimidating, hostile, or offensive work/academic environment.

2. It is improper for an employee/student to make sexual advances or to offer or suggest sexual favors or activity in exchange or in consideration for any personnel/academic action.

3. It is improper to retaliate against an employee/student for refusing a sexual advance or for refusing a request, demand or pressure for sexual favors or activity or to retaliate against an employee/student who has reported an incident of possible sexual harassment to the University or to any government agency.

4. It is not possible to identify each and every act which constitutes or may constitute sexual harassment. However, certain conduct is clearly improper and is strictly prohibited. Persons engaging in this conduct, or other similar acts, will be subject to discipline up to and including dismissal from the University. Such acts might include:

a. Any unwanted, intentional touching of an employee/student by another may be sexual harassment and is prohibited. Due to the possibility of misinterpretation of acts by other employees/students, the University discourages all roughhousing or physical contact, except that contact necessary and incidental to an employee's job/student's academic status. Further, certain kinds of physical conduct in the work/academic environment are particularly inappropriate and may be grounds for immediate discipline, including dismissal from the University. That conduct includes, but is not limited to:

Kissing or attempting to kiss an employee/student;

Touching or attempting to touch or pretending to touch the breasts, buttocks or genitals of an employee/student;

Physically restraining by force or blocking the path of an employee/student when accompanied by other conduct of a sexual nature;

Any other touching or attempted touching reasonably interpreted to be of a sexual nature.

b. Sexual advances, unwelcome requests, demands, or subtle pressure for sexual favors or activity, lewd comments and sexual innuendoes are also prohibited. This conduct includes, but is not limited to:

Comments to an employee/student or others about the body of an employee/student which are intended to draw attention to the sex of the employee/student or can reasonably be interpreted to draw attention to the sex of the employee/student;

Comments to the employee/student or others about the sexual conduct, capability, or desirability of an employee/student;

Cat calls, whistles, or other conduct reasonably interpreted to be of a sexual nature.

c. Sexually suggestive gestures are also prohibited.

d. It is improper to subject employees/students to photographs, cartoons, articles, or other written or pictorial materials of a sexual nature after the employee/student has expressed his/her/hir displeasure with such activity. These materials may be offensive to the public as well and should not be on display in offices or public areas in any event.

e. This policy is not intended to prohibit employees/students from asking other employees/students for social engagements. However, repeated requests where prior social invitations have been refused can be interpreted as sexual harassment. Employees/students should refrain from persistent invitations after an employee/student has indicated that such invitations are unwelcome.

#### **Definition of Dating Violence**

The term “dating violence” means violence committed by a person: Who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the following factors: the length of the relationship; the type of relationship; and the frequency of the interaction between the persons involved in the relationship

#### **Definition of Domestic Violence**

The term “domestic violence” includes felony or misdemeanor crimes of violence committed by a current or former spouse of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction.

#### **Definition of Stalking**

The term “stalking” means engaging in a course of conduct, regardless of medium used, that is directed at a specific person that would cause a reasonable person to— (A) fear for his/her/hir safety or the safety of others; or (B) suffer substantial emotional distress.

#### **Definition of Sexual Assault**

An offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.

The conduct described in this policy is strictly prohibited. If anyone, including non-employees/non-students, engages in such conduct, it is important that the conduct be reported to the Executive Director of Human Resources. It is not possible for the University to enforce this policy if incidents of harassment are not reported. The procedure to follow if the student feels that he/she/ze has been subjected to sexual harassment/sexual misconduct is set forth in this Catalog/Handbook.

## **Sexual Violence Complaint Procedure**

The University has a compelling obligation to address allegations and suspected instances of discrimination, harassment, and misconduct, including sexual violence. The following procedures are designed to allow for prompt and equitable resolution of sexual violence complaints. The Title IX Coordinator (Executive Director of Human Resources) is responsible for investigating all complaints of sexual violence. The University will take immediate steps to prevent reoccurrence of any sexual violence and to correct its discriminatory effects on the complainant and others, if appropriate.

The person should let the offending person know immediately and firmly that he/she/ze is rejecting the advance or invitation and/or finds the conduct offensive.

The person should report the matter to the Title IX Coordinator (Executive Director of Human Resources) or to the Title IX Investigator (Assistant Vice President of Enrollment and Student Services). The Title IX Coordinator will assign a Title IX Investigator to conduct a complete investigation. It is important that the person report everything to the investigator so a thorough investigation can be made, including providing witnesses and/or documentation from individuals who have first-hand knowledge of the situation.

Those who participate in the investigation of sexual assault, domestic violence, dating violence, or stalking, either as a complainant or a third-party witness, will not be subject to disciplinary sanctions for violations of the University's code of conduct at or near the time of the incident if the violations did not place the health or safety of any other person at risk.

The person has the right to file a criminal complaint with the appropriate local police department. The University can assist the person with this process.

To the extent possible, the complaint and investigation will remain confidential. If a complainant insists that his/her name or other identifiable information not be disclosed to the accused, the University's ability to respond to the complaint may be limited.

Retaliation is prohibited. The University will take steps to prevent retaliation and also strong responsive action if it occurs. If the person feels that a retaliatory action has been taken because he/she/ze has filed a complaint, that action should be reported as well.

The Title IX Investigator will investigate the matter promptly, thoroughly, and impartially. The University will not delay conducting its own investigation because of a pending criminal complaint as the University has a responsibility to protect the person in their educational setting.

During the investigation, both parties will have an opportunity to present witnesses and other evidence.

Both the accused and the complainant may have an advisor/advocate of his/her/hir choice present for their portion of the procedures. The complainant and/or the accused student is

responsible for presenting his/her/hir own information, and therefore, advisors are not permitted to speak or to participate directly in any meeting or complaint procedure. The standard of proof to be used shall be the preponderance of evidence standard (“more likely than not”).

Appropriate sanctions/discipline up to and including termination or dismissal from the University will be imposed if warranted. Any incidents of further harassment or retaliation should be reported immediately to the Title IX Coordinator (Executive Director of Human Resources).

Both parties will be informed of the outcome of the complaint in writing. Both parties can grieve the final decision of the Title IX Investigator by requesting a review in writing to the Title IX Coordinator (Executive Director of Human Resources) within five (5) working days of the decision.

The decision of the Title IX Coordinator (Executive Director of Human Resources) is final.

### **Campus Sex Offenses**

Students, faculty, and staff are required to report sex offenses to the Assistant Vice President of Enrollment and Student Services. As required by the Higher Education Amendments of 1992, the University provides an annual report of campus crime statistics, including all sex offenses. See Campus Security Act of 1990 in the Federal and State Regulatory Policies section.

### **Policy on Sex Offenses, Violence and Offenders**

The University will provide annually educational programming to promote the awareness of sexual misconduct, which may include rape, acquaintance rape and other forcible and non-forcible sex offences, domestic violence, dating violence, sexual assault. Such educational programs may be done at the request of students, by security in an ad hoc program, or because of a campus concern. In addition, the University strongly encourages all new students and new employees to complete its online primary prevention and awareness program.

If you are a victim of sexual violence, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. The University strongly advocates that a victim of sexual assault/violence report the incident in a timely manner to the Assistant Vice President of Enrollment and Student Services or Executive Director of Human Resources.

The report to a University official does not obligate the victim to prosecute nor will it subject the victim to scrutiny or judgmental opinions from employees and officers; but it ensures the victim can receive services offered by the University. The Assistant Vice President of Enrollment and Student Services and others will assist the student in notifying these authorities if the student requests.

The University will take immediate steps to protect complainants even before a final outcome in the investigations, including, but not limited to, prohibiting the accused from having contact with the complainant, campus escorts, academic support services, counseling, additional counseling visits, course withdrawal without penalty, or other remedies as may be appropriate.

The University offers counseling services through the Student Health and Counseling (SHAC) center and through a contracted arrangement with Sutter EAP. Counseling and support services outside the University system are available through Bay Area Crisis Centers.

University disciplinary proceedings, as well as special guidelines for handling cases of sexual misconduct, are detailed in the Catalog and Student Handbook (and listed above). The handbook provides, in part, that the accused and the complainant will each be allowed to choose one person who can serve as an advisor/advocate throughout the complaint procedures. Both the complainant and the accused will be informed of the outcome of the hearing. A student found guilty of violating the University's sexual violence policy could be criminally prosecuted and/or may be suspended or expelled from the University for the first offense.

#### **Policy Regarding Criminal Activity Off Campus**

The University does not have any off-campus student organizations nor does it monitor off-campus activities of students, faculty and staff.

#### **Policy on Security Awareness and Crime Prevention Programs**

The University makes available the programs and resources offered by the security teams on safety and security, including safety information and campus escort services. At student orientation, the security team is invited to share services offered at that campus. The University puts on additional educational programs on various safety topics annually. Such educational programs may be done at the request of students, by security in an ad hoc program, or because of a campus concern. In addition, the University strongly encourages all new students and new employees to complete its online primary prevention and awareness program.

#### **Policy Addressing Alcoholic Beverages and Drugs**

The possession, sale, or the furnishing of alcohol on the University campus is governed by California state law. Samuel Merritt University has been designated as "drug and alcohol free" and only under certain circumstances is the consumption of alcohol permitted. The possession, sale, manufacture or distribution of any controlled substance is illegal both under state and

federal laws. Violators are subject to University disciplinary action, criminal prosecution, fine and imprisonment. It is unlawful to sell, furnish or provide alcohol to a person under the age of 21. The possession of alcohol by anyone under the age of 21 in a public place or place open to public is illegal. It is also a violation of Samuel Merritt University policy for anyone to consume or possess alcohol in any public or private area of campus without prior University approval.

#### **Policy Addressing Substance Abuse Education**

The University offers substance abuse programs including informational materials, counseling services (through Student Health and Counseling for students and Sutter Employee Assistance Program (EAP) for employees), referrals to diversion programs or long-term treatment, and University disciplinary actions.

#### **Sexual Offender Registration**

In accordance with the Campus Sex Crimes Prevention Act of 2000, The Jeanne Clery Act and FERPA, Samuel Merritt University is providing a link to the California State Sex Offender Registry. The University is required to inform the campus community that a list of all registered sex offenders is available from the State of California Office of Attorney General at <http://www.meganslaw.ca.gov/>.

SMU will amend the Annual Crime and Safety reports for the years 2012, 2013, and 2014 to reflect this correction.
