DON'T BE A VICTIM . . . Campus safety is the responsibility of all those on campus.

- To decrease the chances of vehicle break-ins or other criminal activity do not leave valuables (esp. laptops, iPods, cell phones, etc.) exposed in your car and utilize recommended/authorized parking areas or shuttle services.
- Stay alert and walk briskly, with your head up and your shoulders back. Criminals look for easy marks such as people who are slouched over, preoccupied, or fumbling with packages.
- Look around the parking lot and your vehicle for suspicious people. If you notice suspicious behavior, remove yourself from the area, and inform security or the police immediately.
- Walk with others when possible and ensure that each person arrives safely to their vehicle.
- Walk in a well-lit area and be aware of noises and movements.
- Avoid wearing visibly expensive jewelry.
- Have your keys in your hands and ready to open your vehicle.
- Look into your vehicle’s front and rear seats before entering it.
- Lock your vehicle as soon as you get in.
- If someone approaches your vehicle inquiring about directions, do not open your door or roll your window down.
- If you are alone at night, ask security to escort you to your vehicle.

USING A CELL PHONE TO CALL 911 . . .

A call from a cell phone to 911 is routed to the nearest C.H.P. dispatch center, unless reporting an incident within the C.H.P. scope of service the caller will be placed on hold and transferred to the local police agency.

SMU ALERT:  [https://www.samuelmerritt.edu/smu_alert](https://www.samuelmerritt.edu/smu_alert)

Samuel Merritt University recognizes that personal safety within the campus community is of utmost importance and that is why it has taken some new measures to provide for your safety in the event of an emergency. The SMU ALERT system delivers critical information to SMU community members on any communication device (phone, email, SMS text, pager, or fax).

All students, faculty and staff are automatically enrolled in the SMU ALERT system intended to transmit emergency notification (new students are enrolled just prior to orientation). The system has been initially populated with your SMU email address and office phone number. You may store additional numbers for voice messages, text messages, and email addresses for email alerts. It is the responsibility of all students, faculty and staff to update personal information on a regular basis.
Contact information can be updated by students, faculty and staff directly by logging on to update my emergency alert contact information. Your personal information is protected under federal privacy laws, and shall not be used for marketing or other solicitation activities.

CRISIS RESPONSE at SMU:  https://www.samuelmerritt.edu/smu_alert/response

ANNUAL CAMPUS CRIME AND SAFETY REPORT:  http://www.samuelmerritt.edu/campus-safety-security

SACRAMENTO CAMPUS

FIRE ALARM
The fire alarm system for the Sacramento Campus is connected to the Metro Center management office of Colliers International. Students, faculty and staff are expected to promptly and safely exit the building; go to the designated area outside and remain calm. You will be told when it is safe to re-enter the building. Note: There is an Evacuation Plan map posted at each exit of the campus.

SECURITY ESCORT SERVICES
A Bayer Security officer may be reached at 916-486-5800 to request an escort to/from the building Monday-Friday between the hours of 4-10 p.m. Any issues or concerns you may have regarding safety and security on campus should be brought to the attention of the Facilities Director, Lillian Harvin.

OAKLAND CAMPUS

FIRE ALARM
The fire alarm system in the university is connected to Alta Bates Summit Medical Center. Students, faculty and staff are expected to evacuate the building any time the fire alarm rings. Exit facility, cross the street for roll call and remain calm.

SECURITY ESCORT SERVICES
Oakland Campus Security will provide escort services on campus at any time. Security can be reached at extension 7847 or 869-8952. Any issues or concerns you may have regarding safety and security on campus should be brought to the attention of the Facilities Director, Lillian Harvin.

SAN MATEO CAMPUS

FIRE ALARM
The fire alarm system for the San Mateo Campus is connected to the building management department. Students, faculty and staff are expected to promptly and safely exit the building; go to the designated area outside and remain calm. You will be told when it is safe to re-enter the building.

As you familiarize yourself with our Campus, we welcome any input on safety issues or maintenance concerns. We can be reached at FacilitiesSecurity@samuelmeritt.edu
