Level II Fieldwork-- 4 Week and 8 Week Evaluation

This form is to be completed separately by both the student and the Fieldwork Educator at week four, and again at week eight. Please send all copies to the AFWC.

Student’s name:______________________________________________

Fieldwork Educator’s name:____________________________________

Fieldwork site:_______________________________________________

Person completing this form:___________________________________

1. In what areas is the student doing well?

2. What aspects of the student’s performance and/or behavior need to be improved to gain entry-level competency in this setting?

3. Does the student consider and address clients’ psychosocial needs when providing interventions? Please describe an example, if possible.
4. Does the student demonstrate clinical reasoning and reflective practice?

5. What learning strategies do you recommend for this student?

6. Identify one specific learning objective for this student, to be achieved in two weeks. (Please refer to Section 8.3 and Appendix H of the Fieldwork Manual for examples of learning objectives.)
