

WORKSHOP: Get Interactive: Create Projects to Engage Your Students

Select a topic or lesson

- Determine what you want the students to learn

Gather equipment and content

- 360 camera
 - 360 image or video
- eLearning Authoring Software
 - Articulate Storyline
 - Adobe Captivate 2019
 - Other
- Additional Content
 - Images
 - Videos
 - Audio Recordings
 - Documents
 - Text
 - Website links
 - questions

Storyboard

- Introduction screen
 - additional screens linked to first screen or other screens in the course
- Add Links (links to other screens or additional content)
 - additional content can include images, videos, audio recordings, documents or questions
- Draw what screens will look like and what the various screens will link to
 - Paper & Pencil
 - Digital Sketching (iPad with Apple Pencil)
- Create a mockup of the project.
 - PowerPoint
 - Keynote

Create a Timeline:

- Determine when you need the project to be completed and work backward to see if the timeline is realistic.
 - Determine how long it will take to create and gather additional content such as images, videos, audio recordings, documents and other content.
 - Determine how long it will take to build the project.
